■ For some of "the best apples in the city" (every kind "you've ever heard of") plus what may be the widest "variety of summer fruits available in the Greenmarket", including "sweet apricots", plums, peaches, cherries, berries and rhubarb, make a beeline for this Finger Lake orchard's year-round stand; juice junkies applaud their "amazing", "thirst-quenching" flavored ciders (also sold at gourmet stores around town), and everyone appreciates the "free samples"; P.S. many of their "excellent products" are available by mail order.

Q Quality **V** Variety **S** Service **C** Cost
